# A WORD FROM THE PRESIDENT

Eden's is a strong and inclusive community, together we have an inspiring vision be able to work together to better withstand the economic, environmental, and social & cultural challenges of the future.

The Eden Chamber of Commerce are very grateful to have partnered with the Bega Valley Business Forum, who were successful in receiving grant funding that made our strategic planning sessions, community engagement day and our Eden 10-year planning possible.

This process of coming together to communicate, collaborate and work together as a community groups, individuals, and businesses to deliver Towards 2032 – Our Eden 10-year plan is something we should all be very proud of.

This plan provides a clear vision and outlines key projects and initiatives that will help the Chamber advocate for improvements, seek funding, and continue to strive for a future that is filled with opportunities for all. The plan is designed to provide Council, State and Federal Governments investors, business, and the community with knowledge to make confident investment decisions about the future of Eden.

I would like to thank all that contributed most importantly to those who gave up their time and actively participated in developing the Towards 2032 – Our Eden 10 Year Plan.

Let's continue to work together to pursue our vision, follow our plans and achieve our goals today, tomorrow and for the future.

**Eric Wolske**  
**President**  
**Eden Chamber of Commerce**

# 1. EXECUTIVE SUMMARY

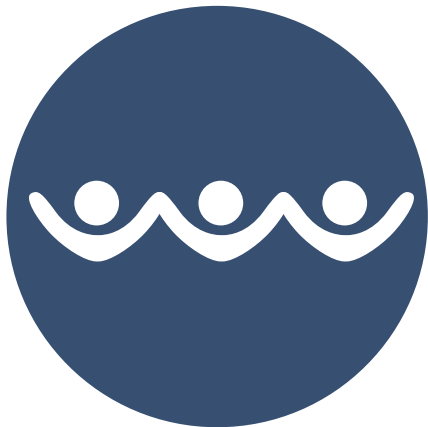

## 1.1 Background

The Towards 2032 – Our Eden 10 Year Plan has been developed in partnership with contributions from the Eden Chamber of Commerce, Eden Community Access Centre, Eden Visitor Information Centre, local businesses, local community organisations and interested residents.

This collaborative group known as the Eden Recovery & Resilience Alliance (ERRA) share a collective vision for Eden and have developed set of projects and strategic opportunities to achieve this.

## 1.2 Our Strategic Pillars

A detailed audit of existing strategies and place plans, targeted community engagement and a comprehensive strategic review of priorities have been completed to help identify (4) key strategic pillars to help guide the future priorities for Eden.

### 1.3 Eden Character Statement

Eden is on the traditional lands of the Djiringanj people. Eden is bounded by the localities of Lochiel, Greigs Flat and Broadwater and the Pambula River in the north, the Tasman Sea in the east, the State of Victoria in the south, and the localities of Towamba and Wyndham, Burragate, Rocky Hall and Nullica in the west.

Often described as a natural paradise, the gateway to sparkling Sapphire Coast of NSW, Eden's attractions range from spotting humpback whales in the deep blue waters of Twofold Bay to learning about the region's whaling heritage and bushwalking in nearby National Parks.

Eden is home to 3,983 residents with some distinct demographics including.

- People ages 65 to 69 make up the dominant age profile.
- The largest increase in persons between 2021 and 2026 is forecast to be in ages 75 to 79.
- 7.6% of the population reported needing assistance with core activities, compared with 6.3% for Bega Valley Shire.
- A larger percentage of people with Australian Aboriginal ancestry (6.9% compared to 3.6%) the rest of the Bega Valley Shire.

Eden Rockpool

Eden's top three industries are retail trade, accommodation, and food services (tourism) and health care & social assistance. Followed closely by forestry, agriculture, and fishing.

The major differences between qualifications held by the population of Eden Coast and Bega Valley Shire were:

- Larger percentage of persons with no qualifications (45.7% compared to 39.7%) and a smaller percentage of persons

with Bachelor or Higher degrees (9.4% compared to 15.0%)

- smaller percentage of persons with Vocational qualifications (22.0% compared to 23.8%) and a smaller percentage of persons with Advanced Diploma or Diplomas (7.2% compared to 8.3%).

#### **1.4 Our Eden 10 Year Plan**

To address common challenges and achieve the future priorities, a comprehensive Eden 10 Year Plan was developed using the ideas and initiatives presented at the engagement day. The engagement day was held in conjunction with a place-based audit of existing plans and strategies and a comprehensive analysis of key priorities conducted by members of the Eden Recovery & Resilience Alliance (ERRA).

#### **1.5 How it will be delivered**

The Chamber will support the delivery of the projects in partnership with the primary owner of the initiative. The Chamber's support will be provided through facilitating discussions to activate opportunities, participating in lobbying efforts, contributing to plans, gathering inputs from our members and seconding funding requests.

The Chamber has limited resources, however by establishing ERRA and working together we can provide considerable value through mobilising our network and connecting people and opportunities in Eden and surrounds. Key organisations will be allocated parts of the plan to support based on their strengths and areas of interest and expertise.

The existing Bega Valley Business Forum comprises six Chambers of Commerce across the Shire and has regular meetings. This forum will be used to promote and advocate for some of the projects outlined in this Plan.

There is approximately \$20,000 to help support some of the actions identified within this plan.

This Plan can be refined using inputs from our members and partners and used to guide the Chamber's future efforts and engagements. It will adapt to the challenges and opportunities that emerge, in addition to applying our learnings along the way.

# 2. PURPOSE

In early September 2022, we invited our members and the wider community across Eden and its surrounding villages to attend a town summit which took the form of a Scone-versation Day with the aim helping to develop a 10 Year Action Plan that will guide our decision making and actions over the next 10 years.

The intent is that this Plan articulates shared strategic pillars, targeted projects, responsible organisations and the levels of investment that is required to achieve our goals.

## 2.1 Geographical Scope

This plan is focused on Eden and the surrounding villages, it also recognises the importance of Eden as key community and tourism asset for the Shire, and the benefits the proposed actions may bring to the region.

Therefore, Eden township is noted as the area of focus and the Bega Valley Shire Council Local Government Area (the Shire) is the area of influence for the Plan and its delivery. Being located on the New South Wales and Victorian border there is also significant cross border opportunities.

## 2.2 How we will use this Plan

We will use this Plan to share our vision for Eden, to support the efforts of our members in progressing projects, highlight related opportunities and to support funding applications.

We want this Plan to complement the plans and strategies delivered by our partners at Bega Valley Shire Council (BVSC), local businesses, as well as our local elected and our industry representatives. The Plan outlines key investment priorities over the next 10 years and forms a key document to advocate for investment in the shire from the Australian and NSW governments.

This Plan has been designed to ensure everyone can contribute and will continue to inform community decision making so Eden can continue to achieve great things, leverage funding opportunities, and maintain momentum.

# 3. OUR PRIORITIES

*"A strong, inclusive and unified community able to work in harmony to withstand social & cultural, environmental and economic challenges of the future"*

EDEN VISION STATEMENT

The Eden community engagement sessions sought to bring together our key projects for Eden and surrounds across the next 10 years.

The process consisted of a stakeholder engagement survey, desktop analysis and an interactive community drop in day.

Through discussing the issues and opportunities we established a set of priorities that can guide the development of our key initiatives and actions). Collectively these priorities form a vision for Eden.

### 3.1 Strategic Alignment

These priorities help to support the delivery of the following Local, State and Federal strategies:

- ✓ 20-Year Economic Vision for Regional NSW
- ✓ Regional Development Framework
- ✓ South East and Tablelands Regional Plan
- ✓ NSW State Infrastructure Strategy
- ✓ Far South Coast Regional Economic Development Strategy and Bushfire Addendum
- ✓ Cultural Infrastructure Plan
- ✓ Canberra Region Joint Organisation Strategic Plan
- ✓ South Coast NSW Destination Management Plan
- ✓ NSW Waste Avoidance and Resource Recovery Strategy
- ✓ Regional NSW Youth Action Plan
- ✓ NSW Government Strategy - Beyond Digital
- ✓ Bega Valley Shire Community Strategic Plan

# 4. HOW WE CAN ACHIEVE OUR VISION

The Eden Scenescapion Day aimed to provide an opportunity for the community to identify priorities for the town and surrounds to focus on for the next 10 years.

The day covered a wide range of ideas, these were then prioritised as key projects for the next 10 years.

# 5. OUR EDEN 10 YEAR PLAN

We have taken on board the ideas shared through the community engagement activities and created a high-level project plan aimed at focusing our support and partnership efforts to support the vision for Eden and surrounding villages.

The Projects are in the categories (social & cultural wellbeing, economic prosperity, environment protection and advocacy)

Each Project within the defined categories has its own commentary (Challenge, Proposed Solution, Goal/Outcome, Who Benefits, Cost and Strategic Alignment)

Each project has defined 'responsibility'; ie: Chamber led, Community-led, Council, State Gov, Federal Gov are presented with projected timeframes.

While the Chamber is not responsible for all these activities, we will provide targeted support and collaborate with other groups to ensure our collective vision for the future can be realised.
